

Published Abstracts (1999 – 2002)

- Baggett M, Kelly M, Christensen D, Gahm G, Kane R, Via J, Ingram V.** Internet enabled neuropsychological assessment. *Journal of the International Neuropsychological Society*. 2002; 8: 149.
- Baggett MR, Kelly MP, Christensen DK, Gahm GA, Kane RL, Via JD, Ingram VM, Whitby L, Sun ZY, DeWitt DT, Korenman LM.** Internet enabled neuropsychological assessment. *Telemedicine Journal and e-Health*. 2002; 8(2):196.
- Bigott TR, DeWitt D, Poropatich RK.** A web-enabled tele-dermatology central medical resource. *Telemedicine Journal and e-Health*. 2002; 6(1):172.
- Black NB, Balun DA, Cozza S.** Comparison of parental therapeutic alliances before and after initial psychiatric interviews. *Telemedicine Journal and e-Health*. 2002; 8(2):207.
- Boal TR, Hoffstetter E, Boocks CE, Poropatich RK.** Image ultracompression using novel algorithms. *Telemedicine Journal and e-Health*. 2002; 8(2):242.
- Boocks CE, Sun Z, Boal TR, Poropatich RK, Abbott KC.** Walter Reed Army Medical Center's web-based electronic health portal. *Telemedicine Journal and e-Health*. 2002; 8(2):202.
- Calagan J, Thomas S, Bigott B, Vernalis M.** Anticoagulation patient acceptance of self testing and remote interactive monitoring. *Telemedicine Journal and e-Health*. 2002; 8(2):200.
- Cannon BL, Vernalis M, Hwang I, DeWitt D, Poropatich RK.** Comparison study of digitized echocardiograms with videotape: Establishing the 'gold standard' for tele-echocardiography. *Telemedicine Journal & e-Health*. 2000; 6(1):173.
- Carmody TT, Rayburn DB, Hoffstetter EA, Poropatich RK.** Remote intensivist consultations to care specialist to treat critically ill and unstable patients. *Telemedicine Journal and e-Health*. 2001; 7(2):190-1.
- Choi J.** Video telemedicine with computer interface in stroke consultation. *Telemedicine Journal and e-Health*. 2002; 8(2):216.
- Chun RS, Cozza RS.** Web-based automated mental health intake systems (WAMHIS). *Telemedicine Journal and e-Health*. 2002; 8(2):220.
- Christensen DK, Gahm GA, Baggett MR, Kelly MP, Via JD, Whitby L, Sun Z, DeWitt D.** Computerized neuropsychological assessment of Army aviators. *Telemedicine Journal and e-Health*. 2002; 8(2):244.
- Clifford CD.** Utilization of telemedicine for medical support in a pre-deployment setting. *Telemedicine Journal and e-Health*. 2002; 8(2):246.
- Clifford CD.** Streaming out-patient clinic operations using wireless technology. *Telemedicine Journal and e-Health*. 2002; 8(2):244-5.
- Hoffstetter E, Rayburn DB, Vernalis M, Poropatich R.** Diagnostic utility of MPEG1 compression of echocardiograms. *Telemedicine Journal and e-Health*. 2001; 7(2):180.
- Hwang I, Allen TW, Jimenez CE, Rodriguez AA.** Validation of tele-nuclear medicine standards over the Internet. *Telemedicine Journal & e-Health*.

- 1999; 5(1):63.
- Hwang I, Bedanov V, Rodriguez AA.** Developing an integrated distance learning center: A Walter Reed nuclear medicine experience. *Telemedicine Journal & e-Health*. 1999; 5(1):46.
- Hwang I, Cannon B, Allen TW, Rodriguez AA, Nagorski LE, Poropatich RK.** Feasibility, accuracy, and efficiency of an internet-based tele-nuclear consultation system: Phase 1: Phantom studies. *Telemedicine Journal & e-Health*. 2000; 6(1):161.
- Jacobs MC, Tomasetti SM, Gadiyak G, Fields R, DeWitt D.** Analysis of pain in runners through two different diagnostic tests. *Telemedicine Journal and e-Health*. 2002;8(2):266.
- Kaplan KJ, Bigott TR.** Use of telepathology as an adjunct to frozen section consultation. *Telemedicine Journal and e-Health*. 2002;8(2):251.
- Kelly WF, Gadiyak G, Brooks A, Poropatich RK.** Development of a Web-based tele-consult thoracic tumor board system. *Telemedicine Journal and e-Health*. 2002; 8(2):251-2.
- Kennedy SD, McKenzie SR, Pettinato MC.** Challenges to implementing wireless LANs in healthcare: EMC and security. *Telemedicine Journal and e-Health*. 2002; 8(2):206.
- Kristo D, Netzer NC, Andrada T, Eliasson AH, Bigott B.** Quality management on sleep medicine via telemedicine: Overseas online transfer of polysomnograms via internet. *Telemedicine Journal and e-Health*. 2002;8(2):252.
- Kristo DA, DeWitt D, Poropatich RK, Andrada TF, Bigott TR.** Internet-based sleep disorder support system. *Telemedicine Journal & e-Health*. 2000; 6(1):112.
- Pak HS, Harden D, Cruess D, Welch ML, Poropatich R.** Diagnostic correlation: Store and forward teledermatology v. in-person evaluation. *Telemedicine Journal & e-Health*. 2000; 6(1):121.
- Pak HS, Welch ML, Poropatich RK, Harden D, Benson PM, McKnight L.** Preliminary data from diagnostic agreement study: Telederm vs. in-person evaluation. *Telemedicine Journal & e-Health*. 1999; 5(1):41.
- Poropatich RK, DeWitt DT, Kennedy SD.** Walter Reed Army Medical Center telemedicine: Addressing global/homeland security needs. *Telemedicine Journal and e-Health*. 2002; 8(2):192.
- Poropatich RK, Gilbert G, Gonzalez BS.** NATO telemedicine interoperability and the potential for civilian transition. *Telemedicine Journal and e-Health*. 2001; 7(2):142.
- Poropatich RK, Abbott K, Gadiyak G, Tomasetti S, Jacobs MC.** Preventing/decreasing running injuries in a military population via a web-based teleconsult system. *Telemedicine Journal and e-Health*. 2001; 7(2):129-30.
- Prasanna S, K. Poropatich RK, Whitby L.** Telepsychiatry service as a remedy. *Telemedicine Journal and e-Health*. 2002; 8(2):207.
- Robinson BC, Hagemaster AL, Inku Hwang MAJ, Saxton DN, Vaughn TS, Poropatich RK, Gilbert G.** Deployable military telemedicine system: The

- smart (special medical augmentation response team) experience. *Telemedicine Journal & e-Health*. 2000; 6(1):107.
- Sandberg M, Hwang I, Cannon BL, DeWitt D, Poropatich RK.** Developing an ideal, interactive VTC environment for the child and adolescent psychiatric population: Key components. *Telemedicine Journal & e-Health*. 2000; 6 (1):185.
- Sessions G.** A wireless medical enterprise research program for the U.S. Army. *Telemedicine Journal and e-Health*. 2002;8(2):206.
- Vigersky RA, Thomas-Wharton D, Biddle W, Filmore AD.** Wireless Telemedicine To Improve Diabetic Outcomes In Poorly Controlled Patients. *Telemedicine Journal and e-Health*. 2002;8(2):265.
- Vigersky RA, Heltzel J, Filmore AD, Kluepfel C, Novak L, Kessler C, Smith D, Kennedy S.** The use of a comprehensive diabetes management program (CDMP) by the diabetes institute (DI) of the Walter Reed Health Care System (WRHCS) to improve outcomes in patients with Diabetes Mellitus (DM). *Telemedicine Journal and e-Health*. 2002;8(2):267.
- Welch ML, S. PH, Poropatich RK.** The impact of the web-based store-and-forward teledermatology consult system in the national capital area. *Telemedicine Journal & e-Health*. 1999; 5(1):41.
- Whitlock WL, S. Pujals JS, Keough GC, Beaty ANB, Mease AD, Poropatich RK, Dingbaum AM.** Tricare region 3 teledermatology: Clinical consequence. *Telemedicine Journal & e-Health*. 2000; 6(1):122.
- Youngblood-Sales C, Bigott T.** Telemedicine Distance Learning for education of remote healthcare providers. *Telemedicine Journal and e-Health*. 2002; 8(2):269.
